

Masters Program in Geospatial Technologies - Schedule 2010-2012																				
2010										2011									2012	
Sep 1-15	Sep 15-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-31	Apr 1-30	May 1-31	Jun 1-30	Jul 1-31	Aug 1-31	Sep 1-30	Oct 1-31	Nov 1-30	Dec 1-31	Jan 1-31	Feb 1-28	Mar 1-15	
UJI																				
Sep 6-12													Master thesis							
Introduction																				
Enrolment																				
Sep 13 - start of regular courses					March 11 - end of courses and deadline for homework/reports															
Module 1		Programming																		
		Databases																		
		Software engineering (UML)																		
		Applied mathematics: logic and statistics																		
Module 2		Computer graphics																		
		Multimedia																		
		Image processing																		
		Networks/internet																		
Module 3		GIS																		
		Spatial analysis																		
		Geospatial infrastructures																		
ISEGI																				
Sep 6-12													Master thesis							
Introduction																				
Enrolment																				
Sep 13, start of regular courses (1)					Feb 26, end of courses and deadline for homework/reports															
Module 1 (1 of 2 courses)		Mathematical statistics																		
		Descriptive statistics																		
Module 2 (1 of 3 courses)		Data analysis																		
		Data mining																		
		Databases																		
Module 3 (3 of 4 courses)		GIS I																		
		Remote sensing																		
		Geostatistics																		
		Geosoftware I																		
		Group Project Seminar																		
(1) Not all courses are available every academic year																				
Moving to Münster, preparation for courses							Moving to Lisbon/Castellón													
ifgi																				
Apr 1-3										Master thesis										
Introduction																				
Enrolment																				
Apr 4, start of regular courses										Jul 15 end of regular courses; until Aug 19: block courses and deadline for homework/reports										
Module 4		Introduction to GIScience																		
		Digital Cartography e-Learning																		
		Digital Cartography practical																		
		Reference Systems lecture																		
Module 5		Reference Systems practical																		
		Selected topics GI																		
		Seminar GI																		
Module 6		Applications GI																		
		GI Forum																		
		Research methods																		
										Project management
